

Kelvin Valley LEADER update December 2008

The first deadline for project applications to be submitted to the Kelvin Valley LEADER Programme passed on 8 December 2008. Six applications from a range of partners and covering a range of measures were submitted. The co-ordination team are currently assessing these in terms of their technical eligibility and will be engaged in dialogue with project applicants over the next few weeks to clarify any outstanding issues.

Project applications will then be assessed by the LAG (Local Action Group) members in January 2009 prior to their next formal meeting on 26 January 2009, at which decisions will be made on project applications.

The second round deadline for applicants will also be set at this meeting though it has already been agreed that this will be in April 2008.
